

Pharmacy First

All Pharmacies have qualified pharmacists.

You can get professional, confidential health advice and treatment for a range of common illnesses, aches and pains, quickly without having to wait for a GP appointment.

Just give them a call or drop in - there's no need to make an appointment.

When can I use MK Pharmacy First?

MK Pharmacy First provides advice and treatment for you or your children for the following conditions:

Allergies	Athlete's foot
Bacterial conjunctivitis	Constipation
Contact dermatitis	Cough
Cystitis	Diarrhoea
Ear wax build-up	Fever
Hay fever	Headache
Insect bites/stings	Mouth ulcers
Nappy rash	Nasal congestion
Pain	Sore throat
Threadworm	Vaginal thrush
Verrucae	Warts

If you don't pay for your prescription, the pharmacy can supply your medicines free of charge.

How do I use MK Pharmacy First?

- Ask for **MK Pharmacy First** at any Milton Keynes pharmacy and talk to the pharmacist in confidence about your symptoms.
- If you need advice about a child, please bring the child with you.
- The pharmacist will recommend appropriate treatment and medication. They may also direct you to other services.
- Tell the pharmacist if you get free prescriptions so that they can provide any recommended medication **free of charge**

Why ask a Pharmacist?

Whatever your healthcare concerns, pharmacists are a great source of professional, confidential health advice and treatment. Pharmacists can assess and treat a wide-range of illnesses meaning you don't need to wait for a GP appointment. They also provide advice on medication issues. Just give them a call or drop in - there's no need to book ahead

Remember; Pharmacies can:

- Give advice on treating minor illnesses and injuries and help you choose the right treatments
- Provide advice on whether you should see your GP
- Dispense prescription medicines and provide advice on how to take them safely
- Dispense repeat prescriptions if you have arranged this with your GP
- Help you to manage long-term conditions and your medication for them
- Give advice on sexual health and contraception
- Give advice on staying healthy, including stopping smoking
