

The MK SEND Local Offer

Do you know about the MK Local Offer?

This is a website hosted by MK council. It provides information on services available for children and young people, who have special educational needs and /or disabilities (SEND) up to 25 years of age.

Simply google "MK local offer" to search for services available in education, health and social care. Please tell your patients and carers about this useful website. It lists support services for children and young people and their parents/carers, with referral information and contact numbers.

This website is one of the statutory requirements of the Children and Families Bill (2014), alongside my role as the Designated Clinical Officer (DCO) for Health services in MK. This role is very much about facilitating information between health, education and social care as well as having oversight of all health services provided to children and young people with SEND. If you have a query or concern about services offered to these children, young people and their families, please do not hesitate to contact me Amanda.bousaki@nhs.net
